Lawrence County Earth Day Trashion Show Entry Form & Guidelines

April 21, 2018 Ewing Park, Ellwood City

Garment:

1. The design must be your own. This is your chance to be creative and show off your talents! Don't just create a trash bag dress—be creative!
2. Keep your design PG-13.
3. The garment must be made out of 75% reused and recycled materials. Such as: food packaging & wrappers, soda pop tops or cans, plastic or paper bags, container lids of all shapes & sizes, cardboard, paper, newspaper, or magazines, and plastic bottles, etc...
4. Make sure your garment is safe and does not contain sharp edges such as cut aluminum cans, wire, etc.
5. You may use tape, glue, staples, and thread. Please use in moderation.

Model:

1. Can be male or female and make sure your garment is appropriate his/her sex and age.
2. You may wear clothes underneath of the designed garment but this clothing can not be the main focus.

Judging:

1. **Visual impact**—choice of colors, overall look of the garment when worn, and quality of the garment.
2. **Originality**—innovative use of recycled materials and originality of design used.
3. **Materials**—percentage of recycled/re-purposed/reused materials in the garment.

Most Importantly, HAVE FUN!
